Olive Tree-Pipit

[about 5 pm  
MCS]

Wednesday afternoon, May 29th  
day of alternating rain & sunshine  
lot of wind.

Utah Lake State Park —  
near start of South Pier.  
by Provo River.

just beyond turn to North parking  
debris washed ashore from the river.

5 pix of the bird. [sat in my car  
& photographed  
it.  
MCS.]

Dark bill  
pink legs one picture  
white outer tail feathers one picture

gray back lightly streaked

rich buffy breast  
spotted (partly streaked)

brown line in front of eye

diagonal upward  
between buffy eyebrow in  
front of eye and  
white eyebrow above &  
behind eye.

The only pipit with this  
distinctive eyebrow pattern.  
white curving from bill around dark  
belly white ear patch
